**Established policies**

- **Proposals**
  - **FRPAA Federal Research Public Access Act** (USA)
    - **Draft**
      - Applies to all federal funding agencies that spend more than $100 million/year on research grants to non-employees ("extramural" research). At the moment, 11 agencies fall into this category: the Environmental Protection Agency (EPA), National Aeronautics and Space Administration (NASA), National Science Foundation (NSF), National Institutes of Health (NIH), National Endowment for the Arts (NEA), National Endowment for the Humanities (NEH), and the cabinet-level Departments of Agriculture, Commerce, Energy, Health and Human Services, Homeland Security, and Transportation.

        - **Repositories**
          - **FRPAA**
            - **Hence it applies to projects with multiple sources of funding, provided that at least one is covered by FRPAA.**
